

Powering your
wheelend knowledge.

MOVING YOU FORWARD

BCA Bearings is excited to introduce The HUB, your total resource for wheel end solutions. With over a century of knowledge built into it, The HUB will include the most accurate, up-to-date technical information regarding wheel hub assemblies and bearings.

- **Installation instructions**
- **Technical service bulletins**
- **Technical resources and downloads**
- **Searchable tech tips**
- **Warranty information**
- **Specific product information**
- **Educational and training videos**

The possibilities will be endless with our personal log-in for The HUB users. Your personal account allows you to complete and save online training and certifications, as well as save “favorites” like technical information, downloads and videos. The HUB will keep you updated through our social media outlets and monthly newsletters and blogs. The HUB users can also access a mobile version with The HUB Apple and Android applications.

THERE'S NO SLOWING DOWN WITH THE HUB

In this fast pace world, The HUB will make it easy to stay informed and up-to-date on all of the latest news regarding wheel end solutions. You can search for answers on The HUB FAQs as well as search for product by VIN, part number, or year, make and model. Plus, you'll find links to free technical support. Visit The HUB anytime, anywhere for recent news, tech support, product interaction and instant answers.
